

DNA replication, synthesis of primer	1	100%
DNA strand elongation involved in DNA replication	1	100%
DNA synthesis involved in DNA repair	1	100%
double-strand break repair via nonhomologous end joining	1	100%
lagging strand elongation	1	100%
leading strand elongation	1	100%
mitotic DNA replication initiation	1	100%
Goterm	Count	%
chromatin binding	1	100%
DNA binding	1	100%
DNA replication origin binding	1	100%
DNA-directed DNA polymerase activity	1	100%
nucleotide binding	1	100%
protein kinase binding	1	100%
single-stranded DNA binding	1	100%
zinc ion binding	1	100%
Goterm	Count	%
alpha DNA polymerase:primase complex	1	100%
chromatin	1	100%
cytosol	1	100%
nuclear envelope	1	100%
